

Notification of Changes to Bonus Plan

We will officially start trading in the Philippines in February 2017.

In connection with this, the bonus plan will be changed as follows for results from February 2017.

We believe that these changes will make it easier for people who have just registered to attain ranks, and that starting business in good form will make the formation of groups easier.

We are confident that these changes will accelerate the global uptake of like-minded Thanks AI colleagues. Please review the details and keep this document along with your other contract documents.

Change to Bonus Plan

1. Change to Rank Attainment Conditions

The attainment conditions for each rank will be changed as follows.

<Conditions Common to All Ranks>

Previously, purchases by at least six directly referred members on the real map were required, but in future this will change to two directly referred purchasing members on the real map and at least one each to the left and right of the binary map.

<Rank attainment conditions>

Rank	Small group PV (number of boxes)	Growth conditions
Silver	120,000 PV (10 boxes) or more	No conditions
Triple Silver	360,000 PV (30 boxes) or more	No conditions
Six Silver	720,000 PV (60 boxes) or more	No conditions
Gold	1,200,000 PV (100 boxes) or more	2 Silver rank lines on the Real Map make 1 person on each of the left and right sides of the Binary Map
Triple Gold	3,600,000 PV (300 boxes) or more	Same as Gold
Six Gold	7,200,000 PV (600 boxes) or more	Same as Gold
Diamond	12,000,000 PV (1,000 boxes) or more	4 Gold rank lines on the Real Map make 2 persons on each of the left and right sides of the Binary Map
Triple Diamond	36,000,000 PV (3,000 boxes) or more	Same as Diamond
Six Diamond	72,000,000 PV (6,000 boxes) or more	6 Diamond rank lines on the Real Map make 3 persons on each of the left and right sides of the Binary Map

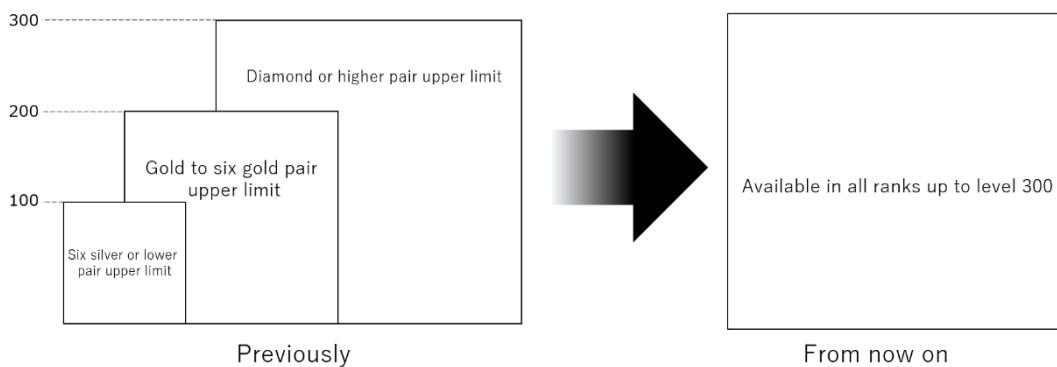

2. Termination of Active Bonus

This is a bonus that can be obtained when at least six direct-referral purchasers on the real map make purchases; however, with the changes to the rank attainment conditions, this bonus will be terminated.

3. Change to Pair Bonus Amount

Bonus amounts available for pair bonuses will be changed to the maximum level as shown in the table below.

Number of personally purchased boxes Number of directly referred member purchasers	Personal purchase of 1 box	Personal purchase of 2 boxes
2 – 3	1,500 PV	3,000 PV
4 – 5	2,000 PV	4,000 PV
6 or more	2,500 PV	5,000 PV

Countable pair upper limit levels in all ranks will also be changed to up to 300.

4. Change to Balance Bonus Acquisition Conditions

Acquisition of balance bonus was previously predicated on attainment of active bonus and pair bonus acquisition conditions, but with the abolition of the active bonus, this precondition will be changed as follows.

There is at least one directly referred purchasing member on both the left and right of the binary map.

Previously, direct referral of six people was required, but it will be possible to get this bonus simply by placing two directly referred purchasing members on the left and right up to the rank of six silver. In the early stages of business when it is difficult to generate income, this should provide a stable bonus.

These changes will be applied for results from February 2017 (for remittance in March 2017).
