Get Better! Younger! More Beautiful! In Canéal, the future will change from inside the body.

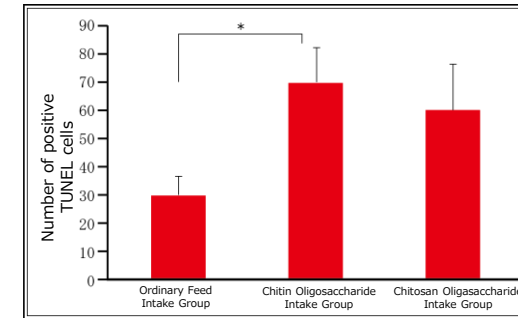

Born in Japan, Super Supplement to be noted in the world [CANEAL]. Prevention and treatment to various diseases including cancer, skin regeneration medicine, detox, anti-aging. It has been studied for many years in Japan from crab and shrimp [Chitin][Chitosan] as a medium, the added active ingredients of various plants are balanced. By taking in the secret power and beyond our imagination, I will rejuvenate your beauty and youthfulness. "CANEAL" the future will change from within the body.

- Main ingredient [Chitin] [Chitosan], Chitin Oligosaccharide, Main functions of Chitosan Oligosaccharide

1 Anti-tumor Effect – Prevention and improvement of cancer.

(Research of College Studies)

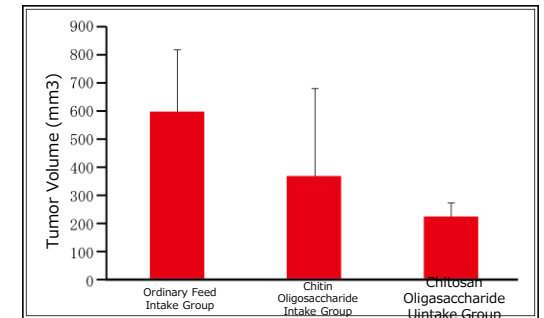

More than double the Cancer Cell Apoptosis (Cell Death)

In the "Chitin Oligosaccharide intake group", there was an increase in TUNEL positive cells in the tumor compared with the "normal feed intake group".

Shrink Cancer Cells!

The "Chitin Oligosaccharide intake group" tended to suppress tumor growth, particularly strong inhibition was observed in "Chitosan Oligosaccharide intake group".

2 Enhancements of immunity – Promotion of health, disease prevention, healing power improvement.

It enhances the ability to protect the body from diseases, viruses, bacteria and others.

(Research of Hokkaido University)

CANEAL

Chitosan Oligosaccharide containing additive

Nutrition component display (per capsule)

Heat quantity: 3.13 kcal

Protein: 0.16 g

Lipid: 0.24 g

Carbon hydrate: 0.07 g

Sodium: 0.11 mg

Salt Equivalent: 0.0003 g

3 Proliferation of Good Intestinal Bacteria→ Constipation resolution, Skin softening effect and anti-aging.

Increase Lactobacillus and Lactic Acid bacteria that have a good effect on the body.

(Research of Kyuushuu University etc.)

4 Hypoglycemic Effect → Prevention and improvement of diabetes

The animal dietary fiber acts to absorb glucose and mildly elevate blood sugar level.

(Research of Ehime University etc.)

5 Detox Effect → Beauty & Health Promotion

It is confirmed the action to release harmful substances inside the body (heavy metals, pesticides etc.) and to discharge outside of the body.

6 Total Cholesterol/Neutral Fat Reduction → Prevention & Improvement of Lifestyle-Related Diseases

Reduce the risk of lifestyle diseases such as arteriosclerosis and myocardial infraction.

(Research of Kyuushuu University etc.)
