<p><u>8</u></p>	<p>How can I know I am lacking of necessary minerals? What are the symptoms of lacking of minerals?</p>	<p>There are many symptoms related to lacking of minerals such as:</p> <ul style="list-style-type: none"> • Somehow get tired easily • Cannot recover from a cold quickly • Cannot sleep well • Often feel irritated • More forgetful • Cannot enjoy meals as I used to • Look old for my age • Anxious about the luster of my skin and hair
<p><u>9</u></p>	<p>Why should we need Perfect/Hybrid Mineral AI to provide more mineral for our bodies?</p>	<p>Our bodies cannot produce minerals and the supply of minerals can be meaningless if they are not absorbed by the body so the mineral content of vegetables in Perfect/Hybrid Mineral helps to increase the absorption of necessary minerals.</p>
<p><u>10</u></p>	<p>What are the main ingredients of Perfect Mineral AI?</p>	<ul style="list-style-type: none"> • Mineral derived from the sedimentary layer of ancient plant • Organic fulvic acid extracted (derived from humic shale) from the sedimentary layer of ancient plant • Various health & beauty ingredients: Acerola, citric acid, vitamins
<p><u>11</u></p>	<p>What is humic shale fulvic acid?</p>	<p>Humic shale fulvic acid is like the diamond of ancient plant-based minerals. It features an abundance of extremely rare, precious fulvic acid. Not many people in Japan are yet familiar with fulvic acid, but it is sure to gain prominence when once its unknown potential comes out. It has an excellent ability to weed out what is necessary and what is not, drawing out the maximum benefits of plant-based minerals.</p>
<p><u>12</u></p>	<p>What are features of humic shale fulvic acid?</p>	<ul style="list-style-type: none"> • Product of New Mexico, USA • Humic shale extracts

<u>13</u>	What are the main ingredients of Hybrid Mineral AI?	<ul style="list-style-type: none"> • Mineral derived from sedimentary layer of the ancient plant : an abundant blend of humic shale minerals • “Replan”- a modern plant-based mineral • Popular anti-aging ingredient: Resveratrol
<u>14</u>	What is modern plant-based mineral/Replan?	<ul style="list-style-type: none"> • Modern plant-based minerals/Replan are the ultimate diet minerals carefully extracted from the ashes that are a result of processing 13 kinds of Japanese wild grasses, leaves of trees and shrubs, and seaweed at high temperatures to a magma state, completely removing the oxygen. • These plant-based minerals are packed with wild growth restoring and emulsifying powers, and endowed with the vitality of the wildly growing plants native to Japan.
<u>15</u>	What are features of plant-based mineral?	<ul style="list-style-type: none"> • Modern domestic plants • Wild growth restoration • Wild growth emulsification
<u>16</u>	What is humic shale minerals?	<p>Humic shale minerals were embedded underground during the Ice Age some 100 million years ago. Having been decomposed by subterranean microbes, these formed into solid matter, including over 70 varieties of well-balanced minerals. Usually when such ancient plants are buried underground, they gradually decompose into fossils, oil, or coal, but these have formed a kind of miraculous geological stratum.</p>
<u>17</u>	What are features of humic shale minerals?	<ul style="list-style-type: none"> • Product of Utah, USA • Humic shale extracts • Plant-sourced and extremely safe • Excellent mineral balance • 98% absorption rate • Over 70 kinds of minerals

<u>18</u>	What are the main advantages of Perfect/Hybrid Mineral AI?	<ul style="list-style-type: none"> • Support your diet • Maintain youthful skin • Provide easy intake of plant-based minerals • Bring out your own power's full potential
<u>19</u>	What are the concentration and proportions of ingredients in Perfect/Hybrid Mineral AI?	In order to extract the greatest potential from the plant-based minerals in our company's products, we use a proprietary blend, which is a trade secret.
<u>20</u>	Is it alright for infants to drink Perfect Mineral AI?	Anyone, from infants to the elderly, can safely drink it. It will help to replenish the minerals that they tend to lack.
<u>21</u>	How much Perfect Mineral AI should I drink a day?	The product description contains approximate dosage amounts. However, Perfect Mineral Ai is ultimately intended to supply minerals that your body is lacking, so please base the amount you drink on your eating habits.
<u>22</u>	I am taking medicines. Is it alright to drink Perfect Mineral AI and Hybrid Mineral AI?	Minerals do not have a pharmaceutical effect, so in general there should be no problem. If you are concerned, please consult your doctor.
<u>23</u>	I drank the minerals and became constipation or diarrhea? Why is that?	You should not experience constipation or diarrhea from ingesting these products, but if you take them with a cold food or beverage or take them in excess, constipation or diarrhea may occur. Please try adjusting how you ingest the products.
<u>24</u>	Hybrid Mineral AI contains a combination of the modern plant-based mineral Replan and the humic shale mineral Reservatrol. Does it also have humic shale fulvic acid which is rich fulvic acid?	No, it does not. In order to bring out its own unique characteristics, Hybrid Mineral Ai contains a blend of Replan and Reservatrol, which are not found in Perfect Mineral Ai.
<u>25</u>	What is the different between Perfect/Hybrid Mineral AI and other companies' products?	We cannot speak to other companies' products, but our products contain an abundant blend of plant-based minerals, and provide plenty of fulvic acid, so we can confidently recommend them to you.
