## Details

- 1 During the campaign period, if you accumulate **200sets**, from the Small Group within 6 months, you can obtain a free invitation for **1 person** to join the overseas incentive trip.
- 2 During the campaign period, if you accumulate **400sets**, from the Small Group within 6 months, you can obtain a free invitation for **2 persons** to join the overseas incentive trip.

## Terms and Conditions

- 1 Those who do not meet the free invitation qualification may make up the shortfall by paying the difference. RM28 is required per set.

### [Example]

- The small group accumulated 150 sets within six months, 50 sets short →  $50 \times \text{RM}28 = \text{RM}1,400$  (Qualifies for 1 free invitation).
- The small group accumulated 360 sets within six months, 40 sets short →  $40 \times \text{RM}28 = \text{RM}1,120$  (Qualifies for 2 free invitation).

- 2 Each qualified member can receive a maximum of **2** free invitations.

- 3 Boxes exceeding the specified threshold cannot be transferred or combined with others for calculation.

### [Example]

Accumulated 230 sets — already qualified for 1 free invitation. The extra 30 sets cannot be transferred or combined with other members.

- 5 The second person included in the free invitation is not subject to any relationship restrictions but must be a Thanks AI member.

- 6 The Incentive Trip includes round-trip international airfare, accommodation (twin sharing basis), meals, transportation, activities and etc. Any other personal expenses not included in the itinerary shall be borne by the participant. Participants are required to assemble at Kuala Lumpur International Airport.

- 4 Qualified persons who are unable to join may transfer their qualification to another member. The overseas incentive obtained still belongs to the original qualified member, and the transfer must be reported and approved.

Qualification transfer must comply with the following rules:

- The boxes used to qualify for an invitation must be transferred in full and cannot be split. Example: 230sets accumulated sets cannot be split into 200sets for A and 30sets for B.
- One qualification (230 sets) can only be transferred to one person. The shortfall of 170 sets for second person must be supplemented →  $170\text{sets} \times \text{RM} 28 = \text{RM} 4,760$ .
- All transferred qualifications and supplementary payments must be applied for and paid by the same person. They cannot be handled separately by different person.
- If the transferee already has their own small group sales performance, they can only choose to use either their own performance or the transferred qualification — they cannot be combined.

- 7 If a member qualifies for the second free invitation but has no companion, the invitation will be forfeited and cannot be redeemed for cash or any other form of compensation.

- 8 Participants are requested to verify their eligibility and applicable subsidy (if any). The schedule for trip registration will be announced separately.

- 9 The company reserves the right to make the final interpretation and the right to amend or adjust the content of this campaign if necessary.
